

The APEX-FC Manual Clutch System

Ultimate Durability Meets OEM Friction Compatibility

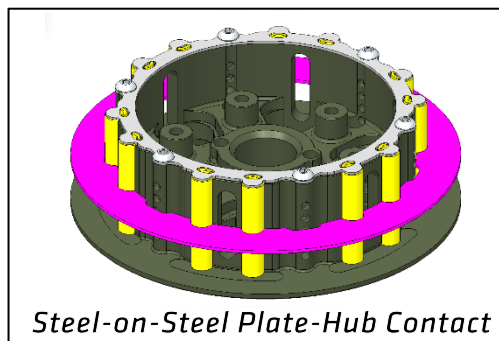

Patented Fixed-Pin Hub

Based on the tried-and-true APEX platform, the **APEX-FC** clutch system by Rekluse adds another manual clutch option for riders, combining innovative, ultra-durable billet Core components with OEM-level friction plates for a race-ready clutch system that's easily maintainable. Riders can expect to gain smooth and consistent lever pull, OEM friction compatibility, and maximized durability thanks to patented technology, including the Fixed-Pin hub.

OEM-Level Frictions

Steel-on-Steel Plate-Hub Contact

What's the Benefit?

- **Maximized Durability with Patented Fixed-Pin hub** using steel-on-steel contact with drive plates – The most durable clutch hub available, No more notching or performance degradation
- **Developed and Proven** with professional race teams like Star Racing Yamaha
- **Billet Aluminum Core Components** including pressure plate and Fixed-Pin inner hub reduce clutch operating temperatures with improved oil flow for longevity and consistent performance
- **OEM Friction Compatibility** means riders can freshen up their clutch with OEM friction plates; no special parts needed
- **Comprehensive Clutch Kit** – Includes Fixed-Pin hub, billet pressure plate, OEM-quality frictions, steel drive plates, clutch springs with spring retainers and hardware (coil spring systems only), and billet clutch cover (DDS models include inner hub and dampers)

APEX-FC Clutch Applications

APEX-FC Clutch System ♦ Retail \$999.00 (all part numbers)
